Too many conflicting images -

1. A hot, brown, scrubby  
field with men wearing helmets.  
Holding guns, dressed in green  
"fatigue" like clothing

2. A dark-haired, bespectacled  
"businessman" flying forward  
against a dark background. His  
suit is dark blue, white tie and  
narrow regimental tie.

3. A pointed-nosed Avrofitt-  
flying at high altitude (gaining  
altitude. Avr like on "Aviation Shub".

the much's news trying to decide  
which should be a cover story.

for  
want to logic out the  
answer  
typical of this  
kind of source  
bad attitude  
for viewer!!!  
for audience
